Best Family Cars 2006

thin and fine

Don't freak out if your kid's hair is superfine—chances are it'll get thicker over time. For now, you can pump up the volume with a fabulous cut and body-boosting products.

STAY SHORT Long hair can look flat, stringy, and oh-so-blah. Who wants that? A short style—think chin-length bob or cute pixie cut—adds big bounce.

ADD OOMPH Use a volumizing shampoo like

L'Oréal Kids Bounce

Volumizing 2-in-1 Shampoo (\$3), followed by mousse for body and lift. Try: **Circle of Friends Janaina's**

Mango Mousse Foam (\$10).
